Hammond Manufacturing has been building racks and cabinets since 1934; specializing in wallmount, free-standing, open frame, server, seismic and industrial. UL, CUS, EIA, Telcordia, NEMA, RoHS and TAA compliance. UL 2416 Industrial and UL 508A Outdoor listings. Free freight at \$975 on cabinets, racks and steel ladder tray. www.HammondMfg.com

Commercial patch, Industrial Ethernet/Profinet and Industrial low-voltage Control and Instrumentation cables. Made in USA with PVC, PUR, FR-TPE, ZHFR-PUR jacketing compounds and CM, CMX, CMR, CMP, MSHA, PLTC- ITC, AWM listings. Harsh Environment Ethernet cables to UL 2463 tested beyond 10 million flex cycles for auto- ma2on, food & beverage, offshore applica2ons. Quabbin is known for their quick-turn custom cable designs, Belden equals and next-day shipping from TX, AZ, FL, CA, IL, MA. www.QUABBIN.com

Snake Tray manufactures a wide offering in steel and aluminum cable trays, all designed to achieve the most reliable, lowest installed-cost cable tray systems in the world. Their 2026 investment in automation yielded a three-fold production capacity increase in their aluminum, steel ladder and 801 Series tray systems. All rigid tray styles are offered with welded 90s, 45s Ts, intersections and waterfalls. No cuffing, no clipping, no ground-jumpers required. 100% made in USA. www.SnakeTray.com

Vericom Solutions, as a Tier 1 supplier to the Big 5 service providers, delivers high-end connectivity and cable performance at a value price. From fiber-to-the-home to critical up-2me security and data centers, Vericom has the quality, service and price to win projects. Their 800,000 Sq/Ft Knoxville, TN warehouse feeds the pipeline on daily projects and national rollouts. Vericom's Certified Installer 25-Year System Warranty is a no-questions single-source connectivity + cable performance warranty. www.VericomSolutions.com

Point 2 Point Communications Corp is a US manufacturer of nanoFIBER spiral stainless steel armored, tight-buffered, indoor/outdoor, OSP, tac2cal, offshore and burn-rated mission critical fiber op2c cables. From LT Riser and Plenum to UL 1651/1685 fire rated fiber, Point 2 Point delivers when others cannot. www.P2Pcable.com

Sentinel Connector Systems is the #1 connector call-out for data centers, financial service providers, medical and automation integrators. Cat 6/6A RJ45 plugs are available with clear acrylic boots and accommodate 28 - 23 AWG conductor sizes. Category 8.1 40Gbps jacks and plugs in stock. Made in USA. www.SentinelConn.com

R&M (Reichle & De-Massari AG) has been manufacturing high-end connectivity and cabling systems since 1964. R&M is the world's technology leader in Local Area Networks, Data Centers, CLEC/ILEC, Automation, Offshore and Industrial. www.RDM.com

We can Fiber Test Equipment, Fusion Splicers, Scopes, OTDRs and Power Meter Light Sources. www.powerhousesys.com

ENGISO magne2c moun2ng solu2ons. Load-bearing systems are engineered to provide no-permit, no-drill, no-weld adjustable magne2c moun2ng answers for cable trays, antennas, cameras, solar panels, wind farms, ligh2ng, automa2on, offshore, subsea, oil & gas. Available from 30 to 3,000 pound pull-force capacity per mount. www.ENGISO.com

Atkore International - Eastern Wire + Conduit Manufacturer of Plenum and Riser Innerduct, Couplers, Inter-locked Armor systems. Made in USA. www.EasternWire.com
